Personal Response:

I enjoy reading *Pete the Cat's Trip to the Supermarket* with my younger brother who is in kindergarten. Both my brother and I enjoy the humorous characters who make very silly decisions. For example, we giggle when the papa cat chooses to buy dragon eggs for breakfast! Our favorite character in the book is Pete due to his energetic and fun personality that always causes trouble. My favorite thing about this book is the lesson being reflected throughout the story. Through the events of the book, the reader can get the idea that, just like Pete did in the story, no one will not always get everything they want.

Plot:

After a long day at the park, Pete the Cat and his brother, Bob, tells Papa Cat that they are hungry; however, they run into trouble once they come home and notice that they are out of food. Before going to the grocery store, Papa Cat has Pete and Bob help him form a grocery list; once they arrive at the grocery store, Papa Cat notices that he left the note at home. Luckily, this does not discourage the hungry cats as they decide to continue with the shopping without the list and just buy whatever seems appealing; though, this gets out of hand when Bob and Pete start throwing everything they spot into the grocery cart. At the sight of all the things in the grocery cart, Papa cat becomes annoyed. He has to decide whether or not to buy everything Pete and Bob want.

Characterization:

Bob is the main character in the story. At the beginning of the story, he is a very bossy cat as he is used to always getting his way. However, with the help of several events in the plotline, he notices his bossy behavior will get him nowhere; therefore, he transforms into a significantly more polite cat who understands that it was okay to not always get what he wants.

Papa cat is another major character in the story. He starts as a caring dad who is always striving to please his sons. These characteristics bring troubles in the story as he has a hard time saying no to his sons when they want something. In other words, his caring heart always lets them have their way. Fortunately, towards the end of the book, he notices that sometimes it is best to say “no” even if it may hurt his kitties’ feelings.

Setting:

This book has no defined setting. It takes place in an unspecified supermarket. This setting helps bring the text alive. Also, it takes place within a modern era. Therefore, the kitties can travel to the grocery store with great ease in their car that is available thanks to the technology available at this time.

Recommendations:

It would be best if individuals reading this book are at a younger reading level due to the easy grammar that an older crowd will find boring to read. Furthermore, any gender would enjoy *Pete the Cat's Trip to the Supermarket* as it covers the lessons that could be influential for any individual. For instance, it reflects the lesson that it is okay if an individual does not always get what they want.

OK...I love me some Pete the Cat. This one was good, but I was expecting it to go a different way. I guess in my opinion, it could have been better and funnier. Definitely not my favorite Pete the Cat.
